Twenty-fifth anniversary party of Campbell Kiwanis Club, which was chartered April 28, 1926, will be held next Tuesday, May 8, at 7 p. m. in the library building.

A capacity crowd is expected to attend the dinner gathering for which Dean James C. DeVoss of San Jose State College will be the guest speaker. His subject will be "Then and Now".

Alvni Long will be the chairman of the evening. Club president Fred E. Jones will preside. Both Long and DeVoss took part in the original charter ceremonies of the local club in May, 1926. The Campbell group was sponsored by San Jose Kiwanis Club.

Guests of honor at the gathering will be five of the six charter members of the club who still remain with the group, and the wives of four others. These will be E. R. Kennedy, Carl E. Field, Guy E. Farley, Ralph H. Hyde, Mark E. Purmont and Mesdames Wendell Thomas, Ira Abbott, Harry Smith, and S. N. Hedegard. The sixth charter member, D. H. Cramer, is away on an extended vacation.

Program for the evening will include vocal selections by the Rev. Lawrence J. Osborne, accompanied by Irma Sanders at the piano. Rev. Osborne's nembers will be "Time, You Old Gypsy Man" by Remick, "The Pool of Quientness" by Cator, and "Take Joy Home" by Basett.

Planners Approve High School Site On Camden Ave.

Approval of the 48-acre school site for Campbell Union High School District was granted by the County Planning Commission on Wednesday afternoon. The district is in process of purchasing the site at the northwest corner of Union and Camden Avenues from Carl Nelson and Wilton Stine. The site has a half mile frontage on Camden Avenue, and a quarter mile frontage on Union Avenue.

Superintendent Laurance J. Hill said the district may build a school plant on the site in about four years if present enrollment increases continue. Meanwhile, he said, the high school agriculture classes will use the acreage as an agricultural experimental farm. The land includes 20 acres of orchard.

Cost of the site is approximately $1,700 per acre, the superintendent reported, or a total cost of $83,500. Cost will be met by funds raised through the $950,000 bond issue voted by the district in May, 1950.

Hill explained that the district purchased the site at this time in order to be prepared with a suitable site for expected school building needs in that district.

Residents Seek Repaving Job For Union Avenue

Parents of school children who walk along Union Ave. have circulated a petition protesting the present dangerous condition of the road and are asking the county Board of Supervisors to re-surface it, according to Kenneth McDonnell, principal of Union District school.

Although many protests have been made to the Board of Supervisors during the past five years, both by private parties and by public groups such as the Union District Improvement club, no action has been forthcoming, said McDonnell. The already bad situation was made almost impossible when a strip about three feet wide was torn from the center during the laying of the Sanitation District No. 4 sewer lines several months ago. This forces the motorists to drive on the shoulders of the road, which after school hours are crowded with youthful pedestrians and bicyclists.

Althugh a spokesman for the sanitation district assured a gathering of the Union District Dad's club that the road would be restored to useable condition, the only repair work which was done was the pouring of a light layer of oil, according to the complaint.

Community Service Fund Council Names E. W. Barnes Drive Manager

Campbell Community Service Fund Council appointed Eugene W. Barnes, co-publisher of the Campbell Press, to the position of 1951 drive manager when it met Monday evening to select a budget committee. Names of the committee, now being selected, will be announced soon, according to C. P. Klassen, chairman of the council.

Barnes will select his publicity committee which will lay plans for the coming drive which usually starts about October 1. The business section campaign starts a week before the general drive.

"This year, as before," said Klassen, "we hope to contact every home in the area. We now urge every person to give where he lives."

Budget for next year will be considered at a meeting of the council on May 28. Final recommendations will be adopted at a meeting in June.

Barnes will begin announcing his fund drive plans as the opening date approaches.

"We are very happy to have Mr. Barnes as our drive manager because of his wide experience and ability in public relations work," Klassen stated. "We know he is going to do a grand job and we urge every citizen to give his support."

Barnes succeeds Mrs. J. W. Knowles, as council president. Other council officers are W. Earl Hamilton, vice-president, and Mrs. Betty Youngman, treasurer.

SCHOOLS NAMED BY TRUSTEES

Board of trustees of Campbell Elementary School District has selected names for four of its prospective schools to be built on sites recently purchased by the district.

Names for the schools will be as follows: site at west end of Rosemary Lane and north end of Milton, Carlyn and Llewellyn Avenues, "Rosemary School;" site on Cypress Avenue south of Stevens Creek Road, "Cypress School;" site on east corner of Quito Road and McCoy Avenue, "Quito School;" site on Hazelwood and Craig Avenues, "Hazelwood School."

Superintendent William C. Henley's office reported that plans for the Cypress School are being sent this week to the State Division of Architecture for approval. It is hoped tha construction on the schools will have progressed sufficiently to relieve double sessions at other schools in the district by next Easter, Henley's office announced.

MEASLES AGAIN

One case of measles was reported in Campbell for the week ending April 21, according to the County Health Department.

West Valley District Denied State Aid; Directors To Sign Architects For Survey And Preparation Of Construction Plans

West Valley Hospital District board of directors have agreed to go ahead with hospital building plans, despite denial of state and federal funds for this purpose. Chairman Herbert M. Shadle of Campbell said the board will sign a contract with a Los Gatos architectural firm next Monday evening.

The architects will make a report after a study of about two months' duration, and the board will then determine the amount of the bond issue which they will propose to finance the construction. Tentative figure is $500,000 for a 50-bed hospital, but architects may find that the current cost will be greater than this amount, said Shadle.

Board members decided at their meeting last Monday to go ahead with the plans after receiving communications from the state housing and finance agency denying the board's application for funds to finance its planning work. "Your data indicate that with funds now on hand and those soon to be available you will be able to finance from your own sources," the agency wrote.

The hospital directors' efforts to obtain state and federal funds under the hospital aid program have been met with denials at every turn. The board questioned policies in hospital aid allocations which have appeared to favor hospitals already estblished in large urban areas. Shadle stated the original purpose of the bill was to provide assistance to rural districts in construction of hospitals, yet time and again the rural applicants have been denied, while privately owned hospitals in cities are given preference.

He pointed out one instance in San Jose, where a large hospital, having received a huge allocation, is prepared to build a new hospital with the funds and to scrap the present institution, thus providing only a slight increase in the actual number of hospital beds available in the San Jose area.

Buck Passed

Shadle communicated with Congressman Jack Z. Anderson on the matter, and received a copy of a letter sent Anderson by V. M. Hoge, assistant surgeon general, chief of the bureau of medical services in the Federal Security Agency, Washington, D. C. Hoge passed the buck back to the state level, saying the "California State Department of Public Health is responsible for administering the act in that state. The agency has developed a state plan for hospital construction establishing hospital service areas and a priority schedule for federal aid in those areas. In order to receive a federal grant for a hospital, a community must be designated as a hospital location in the state plan. A review of the California state plan shows that none of the above mentioned communities (Campbell, Los Gatos and Saratoga, to be served by the West Valley Hospital—ed.) has been selected as a hospital site."

Future hopes of obtaining aid from the state and federal governments appear to be even dimmer. Under the act, the state provides one-third of the construction cost to be accepted hospital area, and the federal government matches that one-third. The hospital community foots the remaining one-third. The hospital community foots the remaining one-third of the bill. Hoge wrote Anderson that "With regard to funds made available for hospital construction, you will recall that the 1951 contract authorization for the program was reduced from $150,000,000 to $85,000,000. This meant that California's allotment was reduced from $5,147,909 to $2,905,905. I cannot say, of course, what funds will be available in 1952. As you know, the President's budget requested $75,000,000 for the hospital construction program. If this amount is made available by the Congress, California's allotment will be approximately $2,550,000'

At least one director expressed slight relief that the West Valley Hospital District will not be under government control as it probably would have been had funds been allotted.

FUTURE FARMERS HAVE ANNUAL AWARD DINNER

Future Farmers of America, Campbell chapter, held their annual Father-Son banquet and awards program Wednesday night at the high school cafeteria. "Ham a la FFA" was served by Mrs. James Gleed and staff.

Chapter president Richard Farnham gave the welcome address. Frank Weltz and Bob Mulberry offered accordion and guitar selections, and Paul Stark, chapter secretary, made the introductions.

Frank Weltz, senior student and chapter reporter, received the California Bankers Certificate of Merit award for outstanding work in agriculture, and for scholarship. Joaquin J. Payne, manager of the Campbell branch, American Trust Company, made the presentation.

Another award went to Richard Farnham. This was the annual Campbell Kiwanis Club award for the outstanding graduating senior. School trustee R. B. Bishop made the presentation. Farnham's name will be recorded on a permanent plaque at the high school.

Speakers for the evening were High School District Superintendent Laurance J. Hill whose topic was "Campbll High and the Future Farmers;" M. F. Hughes, driver education teacher and former vocational agriculture and shop teacher, who spoke on "History of the Campbell FFA;" Frank Weltz, "Report on the Chapter;" and Frank Pitts, regional Future Farmers president, who spoke on "Fit For The Future."

Eighty Future Farmers, their fathers, Chapter Advisor Albert Smith and school officials attended the dinner. Meat for the dinner was raised by Charles Gibbins, vice-president of the chapter. Walt Williams contributed the ham curing, and Marn Hirosi, FFA member, donated strawberries for the dessert. The menu consisted of ham, sweet potatoes, roast potatoes, lima beans, relishes, hot rolls, strawberry sundaes, milk and coffee.

TAX ELECTION SET JUNE 12 FOR SALARY RAISE

A special school tax election has been called by the board of trustees of Campbell Union Elementary School District on the proposal to increase the tax rate per $100 of assessed valuation from .90c to $1.20.

The .30c increase would meet teacher salary increases recommended by a special citizen's committee last month, and provide additional funds for increasing non-teacher salaries.

Tentative date for the election is June 12.

Board members met Thursday night of last week, and agreed that the teacher salaries should be raised $204 per year plus the regular increment appearing on the schedule for the individual teacher. Salary increases hinge on passage of the tax increase measure by the electorate. The total increase would amount to about $300 for most persons on the salary schedule and not yet at the maximum.

What needs to be done in Campbell, what we can do to make our community a better place to live in and in which to make a living? TRAFFIC SIGNAL TEST SLATED AT SCHOOL CROSSING

A test of traffic control needs at the intersection of Winchester Road and Campbell Avenue will be conducted today through use of a portable traffic signal, called the "Mechanical-Cop".

Fourth District Supervisor Joseph McKinnon and Laurance J. Hill, Campbell High School district superintendent, conferred on the matter last week and made plans for use of the signal to determine effectiveness of a permanent light installation at the intersection.

Highway, business district and school traffic make the intersection a dangerous one and there has long been a demand for a traffic signal there.

UNINCORPORATED COMMUNITIES FORM FOR SHOWDOWN ON LEGISLATION

Existing form of county government in California is threatened by Senate Bill 769, according to the County Supervisor's Association of California, which has urged defeat of the measure in the legislature.

Attitude of the combined boards of supervisors of the various counties was contained in an official statement released Monday through the California League of Unincorporated Communities.

In a letter to Judge William D. Keller, president of the Unincorporated Communities, William R. MacDougall, general manager of the county supervisors association, explained the decision was made after investigation by the legal advisory committee of the supervisors.

The record shows, according to MacDougall, that District Attorney Charles J. McGoldrick of Sonoma County presented the legal advisory report on Senate Bill 760. "The report," MacDougall said, "stressed that the ultimate affect of Senate Bill 769 would be to emasculate county government for all time."

The bill, known as the Urban Unincorporated Areas Proposal, assertedly would impose new and heavier taxes on property situated outside of city limits.

President Keller, in welcoming the county supervisors association as an ally in the fight to defeat S. B. 769, said that many other groups and individuals also are lining up in Sacramento against passage of the disputed urban area bill.

Comfort
is when you don't feel anything!

Most folks think of comfort as a state of repose—a kind of wonderful process that supports you everywhere but touches you nowhere. Actually, it's the little things you *don't* feel that make you comfortable.

Chair Cars on Southern Pacific's modern streamliners have been built with this thought—*your comfort*—the first consideration. Dust-free, draft-free air-conditioning. No-glare fluorescent lighting. Soft-as-a-cloud foam-rubber seats. Lots of leg room and move-around room. Extra large windows. Feather-touch doors. Spacious washrooms.

That's why Chair Cars on Southern Pacific streamliners are the most luxurious form of all low-cost transportation.

Bayshore Highway Freeway Section To Be Rerouted Near San Jose

The California Highway Commission has taken preliminary action toward establishment of a portion of the Baysnore as a freeway on new location between 4th Street and 13th Street in San Jose. The commission requested State Highway Engineer G. T. McCoy to ascertain if the officials of the city of San Jose and the county of Santa Clara desire any further information prior to final action of the Commission. This procedure in establishment of freeways has been followed by the highway commission since 1948.

Proposed relocation of this portion of the Bayshore Highway is a part of the program to develop it to freeway standards, with structures to carry cross traffic at separate grades and with full control of access. Initial lmprovement as a four-lane divided freeway is proposed, with provision for ultimate development of six traffic lanes.

After final agreement is reached on the proposed routing, preparation of detail plans will be ordered by the California Highway Commission so that purchase of rights of way and construction may be undertaken when funds become available.

Development of the Bayshore Highway is a problem of primary importance to the San Francisco Bay region and to motorists from other parts of California. The planning has required close cooperation between city, county, and state authorities. In 1944, the California Highway Commission declared the Bayshore Highway (U. S. 101 Bypass) to be a freeway from McKee Road to the Santa Clara-San Mateo County line. Subsequently it was found that the portion of the existing route at San Jose, between 4th and 13th Street could not feasibly and economically be converted into a freeway.

After full consideration of the present and future traffic problems of the area, and the need for early route determination so that orderly private development of the area could proceed, the new location was selected as best conforming to the traffic and community requirements. When the new facility is opened to traffic, the existing Bayshore Highway between 4th and 13th Street will continue to serve as an important traffic distribution artery. No direct access to the main traffic lanes will be permitted for properties abutting the new freeway.

On the existing Bayshore Highway near San Jose, the section northwest of Oakland Road (State Sign Route 17) is a four-lane divided highway, but has intersections at grade with high volumes of cross traffic and dangerous turning movement. The section from Oakland Road to Santa Clara Street is a three-lane highway. Southerly from Santa Clara Street, the route has been completed to freeway standards.

Recent traffic counts taken on the Bayshore Highway show about 16,000 vehicles daily near Brokaw Road, diminishing to about 9,000 vehicles daily at Oakland Road. The accident data for the year 1949 as obtained from the records of the California Highway Patrol and the San Jose Police Department show that accidents on this section of highway are over four times as numerous as the statewide average on rural four-lane divided state highways.

On the other hand, freeways throughout the state have demonstrated that they are five times as safe as all rural state highways and are about ten times as safe as the existing Byshore Highway between Brokaw Road and Oakland Road at San Jose.

State Toll Board Considers Buying Two Bay Spans

Acquistion by the State of California of the privately-owned San Mateo-Haward and Dumbarton toll bridges, across lower San Francisco Bay, will be considered by the California Toll Bridge Authority at a meeting to be held in Sacramento on Thursday, May 10, at 2:30 p.m., in the auditorium of the Public Works Building, 1120 N Street. This announcement was made in Sacramento Monday by Governor Earl Warren, chairman of the authority.

Offers have been received by the authority from San Francisco Bay Toll Bridge Company to sell the San Mateo-Hayward Bridge to the State for $6,000,000, and from the Dumbarton Bridge Company to sell the Dumbarton Bridge for $2,250,000. A public discussion of these offers is the purpose of the meeting.

Governor Warren requested the public officials, civic groups and Toll Bridge Authority to notify citizens of the counties of the Bay Area of the meeting and to urge all interested parties to attend.

California Toll Authority and the State Department of Public Works are authorized to acquire the two bridges, pursuant to provisions of the Toll Bridge Authority Act, by Chapter 1044, Statutes of 1949. Both the bridges and their approaches, if acquired by the state, will become a part of the state highway act.

The legislation contemplates an the two bridges. It provides that issue of revenue bonds to be retired by the collection of tolls on the two bridges. It provides that the cost of operation, including expenses incurred in connection with the collection of tolls,be defrayed from the toll revenues while the cost of the physical maintenance of the structures is to be paid from funds available for maintenance of state highways.

The Department of Public Works, in response to reqquests from the legislature, has made a number of studies of the two bridges, it was pointed out by C. H. Purcell, Director of Public Works and secretary of the authority. The latest of these reports was made to the State Senate, at its request, prior to adoption of the 1949 legislation. Previous reports respecting the bridges have been consolidated into a single report which the authority will consider in connection with the offers of the bridge companies to transfer their properties to the state.

The San Francisco Bay Toll Bridge Company is operating under a franchise granted by the Supervisors of its San Mateo-Hayward Bridge started in December, 1927 and the bridge was opened to traffic on March 3, 1929. The franchise runs for 50 years and will not expire under its terms until August 10, 1977.

Dumbarton Bridge Company also holds a franchise from San Mateo County. Work on the Dumbarton Bridge started early in 1925 and it was opened to traffic on January 15, 1927. The franchise for this bridge also extends for 50 years and under its terms will xpire on December 20, 1974.

Marilyn Ziegler, Brothers In Food Show Broadcast

Marilyn Ziegler, young vocalist, appeared on "Budda and His Amateurs" radio broadcast over KFRC direct from the stage of San Jose's civic auditorium, Saturday night at 8 o'clock.

This broadcast was one of the main attractions of this year's big Food and Appliance Show which culminated in another big variety show Sunday night featuring Dude Martin and his Hoffman Hayride Gang.

Marilyn Ziegler

Miss Ziegler is the sister of Ed and Bill Ziegler, both Campbell Union High School students, who won an audition to appear as contestants on the show Saturday night.

Marilyn Ziegler is receptionist at Mutual Wholesale Grocers, but has found time to entertain members of the armed forces at Fort Ord, Letterman Hospital as well as for the Red Cross and American Legion.

Charter Night

Campbell Kiwanians are preparing elaborate plans for the 25th anniversary charter night on May 8. Guy Farley, club secretary, is coordinating arrangements for the dinner gathering and ladies night at the library building.

Charter members of the club will be honored.

At the Kiwanis Club meeting last week, members enjoyed a program appropriate to their Public Schools Week observance. The Campbell Union High School choir directed by Frank Triena, presented a group of songs, and C. P Klassen, chairman of the day, conducted a quiz of the Kiwanians in keeping with the education theme.

TAXPAYER REPORT . . . First of the month means new bills, new headaches, and new budget resolutions. Possessing too many bills to start worrying at this late stage and having no money at all to bother with any budget, we decided to stroll over to Campbell high and watch the collective community bill rise in form of the building-expansion program.

With that jungle of steel girders and concrete foundations poppnig up all over the place, we managed finally to reach the office of Harold Drummond, head of the Psysical Education department.

Considering all drawbacks, delays, etc., Drummond said the huge project, now about 30 days old, "is proceeding according to schedule."

The Home Economics structure and the music, women's pool and gym units are taking shape rapidly after days of seemingly hopeless confusion. But the man with the crooked stick must have made a straight line for everything is following suit. Take the man's word, not ours. We couldn't read a prison blueprint if our life depended on a master jail break.

What interested us mostly during our chat with Drummond was the proposed athletic plant now under construction due north of the school. So far as we are concerned, let the cooks worry about the Home Ec building progress and let the musicians fiddle about their new home for Bach, BeeBop and Co.

The entire area from the present school boundary northward to Latimer avenue will be turfed, Drummond said. He had no definite idea of the exact size of the area but offered some comparative illustrations that leave us to think one can get lost out there on a foggy night.

A varsity baseball diamond will be situated in the northwest corner of the field. The area from the infield to the present boundary will hold two football fields, side by side. In the southeast niche a secondary baseball diamond is being erected. The total distance from one home plate to the other measures a mere 500 feet. A few more feet and the Buc student body could operate a local flying strip.

Included on that vast greensward-to-be will be a girls' field hockey field, soccer and kick-ball facilities, and the aforementioned gridirons.

Four outside basketball courts will replace the present handball courts. The bus sheds will be torn down and six volleyball courts will be erected. All that room for plenty accourtin', but for sure.

Tennis enthusiasts will be glad to read that three additional courts will spring up next to the three already in use. They will stretch out westward toward the main football field.

Evidently Drummond has faith in the program being completed on time, sometime in September. He has scheduled a fall P.E. program that includes the use of the entire new athletic plant.

GAME OF THE YEAR . . To practically all of us the month of May consists of Mother's Day, May Day and Memorial Day. These make up the Big Three, at least most of us think so.

But to the two local service organizations, Kiwanis and Rotary, an undecided night sometime this month will be worth a year of glory, pride, and prestige.

That's the evening the two do battle royal in their annual softball game. Unlike last season's fiasco which ended in a 10-all tie, both clubs are playing for keeps this time.

Neither side appreciated the deadlock and both thought themselves sole winners. They did agree that the umpiring was a mess, to put it mildly. The joker who claimed to be a capable arbiter couldn't walk from first to third without tripping over the center-fielder's feet.

Adding to the serious vein of the game, the squads have agreed that the losers buy a complete dinner for the winners at a date to be determined later. At this writing the actual playing date has not been decided either.

In charge of the Kiwanis Club is Dave Sanders who is back for his second year as manager. Oel Gerevas also returns as mentor of the Rotary forces.

More about this gigantic athletic endeavor at a later date.

SHORT STOPS . . . Currently doing duty as assistant coach at San Jose State college during football spring practice is BILLY WILSON, erstwhile CAMPBELL high all-time great. It is reported that WILSON already has signed a pro contract with the San Francisco 49ers' . . . HERB GORMAN, local resident during the off-season, is off to a good start with the Hollywood Stars of the PCL. The stocky, well-muscled first baseman-outfielder was hitting at a .304 clip last week. It speaks well of HERB who is regarded as a slow starter. . . . Note to MR. G., one of our "avid" readers—IGNACY T., frustrated local athlete who couldn't enter Campbell high because he didn't enter grammar school, currently is engaged as chief machinist in charge of making windshield wipers for submarines.

Buc Trackmen Face James Lick Today; Meet Powerful Fremont Hi Here Tues.

With two dual meets scheduled for this athletic week, Campbell high school's track forces have their work cut out if they are to continue as co-favorites fr SCVAL cinder honors.

This afternoon the Bucs travel crosstown to meet James Lick high at 3:30 o'clock. Although not taking the JL squad lightly by any means, the "Big Meet" for Coach Junior Morgan & Co. comes Tuesday afternoon as Fremont high faces the locals on the Campbell Ave. oval.

Defending Valley champs, the Indians are rated with Campbell as heavy choices in the Santa Clara Valley Athletic Association track finals set for May 25 at Fremont.

Tuesday's affair will give the fans a fair sneak preview of how the two schools will do in the finals. The 220 and 440-yard events should be a pair of close ones as Campbell's Dan Livesay and Fremont's Gilliam have turned in similar marks. Both claim times of 53.1 in the quarter-mile race. Sonny Musladin, the Bucs' sophomore flash, should afford plenty of competition in the 220 sprint.

If the meet comes down to the 880-yard relay, which wouldn't surprise many folks, the Indians boast the better time, although not by much. Their quartet has turned in a mark of 1:35.6. Campbell's foursome of John Hoover, Charlie McBain, Musladin, and Livesay has been timed in 1:36.6.

The Buc varsity had no trouble with Washington high Friday on the local track, trouncing the Huskies, 85 to 37.

Morgan's charges captured 11 events with Howard Kaeding and Musladin accounting for double wins. Kaeding took both hurdle races, being clocked at 15.0 in the highs and 16.0 in the lows.

Musladin ran to a fast 10.2 in the 100-yard dash and copped the 220 in 23.7.

Washington reversed the scoring in the B division, defeating the local counterpart, 59-49. But the Bucs' C and D teams had no serious trouble, winning 55-31 and 64-13, respectively.

In all, Morgan was forced to yield three more cakes in token of school, league, or individual marks tied or bettered.

Kaeding keeps coming back for seconds, in this case fifths, as he broke his high hurdle mark with that 15.0 time.

Wayne Rozema shattered the hop-step-jump record set by Billy Wilson in 1944 with a leap of 40' 8½". Wilson's effort was surpassed by one-half inch.

Dennis Dunn, of the B squad, tied his class' hop-step-jump mark with a try of 38' 11" established in 1945 by Bob Hall.

Varsity Summary:

Mile:: Imrie (C), Balteria (W), Cadent (C); 4:59. Hop-skip-jump: Rosema (C), Samman (W), Lopina (C), 40' 8½"; 100-yard dash: Musladin (C), Hoover (C), Samman (W), :10.2; Shot Put: Funk (W), Leick (C), Serchio (C), 46' 6"; 440 yard event: Livesay (C), Lane (W), Yamashita (C), :53.1; 120-highs: Kaeding (C), Preciadio (W), Porter (C), :15.0; 140-lows: Kaeding (C), McBain (C), Pingree (C), :16.0; High Jump: Christis (C), Wood (W), McDaniel (C), 5' 5"; 220: Musladin (C), Hoover (C), Livesay (C), :23.7; Pole vault: tie, Bechod (W), and Wood (W), Thompson (C), 10'; 880: Kolze (C), Robinson (W), Nickerson (C), 2:06; 880-Relay: Campbell (Kaeding, Hoover, McBain, Musladin), 1:36.6; Broad Jump: Cox (C), Saia (C), Rozema (C), 17' 9½" Discus: Funk (W), Lopina (C), Estrada (C), 106' 5".

Local Netmen In SCVAL Tourney

A trio of Campbell high net stars will carry the Bucs' hopes in the annual SCVAL Individual Tennis tournament this afternoon on Los Gatos high's courts.

Trent Barton will play in the singles tourney while Dave Baxter and Jim Hearon combine talents in the doubles matches.

According to Harold Drummond, Buc tennis mentor, each school may enter only one singles player and one doubles team. The local contingent was determined this week through an intra-squad tourney.

Baxter, who played No. 1 singles for the Bucs all season, was tripped by Barton in a grueling three-set match. Barton dropped the opening set, 5-7, but came back to take the remaining two, 6-3, 6-4.

The ultimate Valley singles champ and winning doubles team will enter the finals of the North Coast Section tournament at Berkeley, May 12. Drummond said the finest prep tennis talent of Northern California will be playing.

Scheduled to compete in this afternoon's affair are Los Gatos, Fremont, Santa Clara, Mt. View, Gilroy, James Lick, and Campbell.

Dink Clark, former San Jose State college net star and now professional in San Jose, will reign as official referee, Drummond said.

CPAG Local Has Officer Election At Annual Meeting

Annual meeting of the Campbell-Los Gatos local of the California Prune and Apricot Growers Association was held at the Campbell Grammar School auditorium on Monday evening, April 30.

A short movie entitled "Pacific Coast" was first shown. Chairman William H. Cilker welcomed members and called on guest speaker Dr. E. M. Mrak, professor of food technology, University of California, who spoke on the Importance of Consumer Acceptance and the Nutritional Value of Dried Fruits.

John Kilbuck, also of the food technology division of the university, spoke on their research program, particularly on how time of harvest relates to quality. He also answered questions from the floor.

F. L. Steindorf, central representative, made his annual report. He referred to carryovers of last year's crops, payments to date and crop prospects for 1951, and to refunds effected by the group compensation insurance.

A. H. Downing, chairman of the election committee, announced results of the recent mail election of directors. They are as follows: F. L. Steindorf, central director; William H. Cilker, Robert Scholz, C. S. Hocking, J. B. Benson, E. W. Bucknall, Matt P. Talia, A. H. Downing, F. Wilbur Mitchell, C. A. Lindsay and J. V. Gomes. Cilker was re-elected chairman; Talia, vice-chairman, and Scholz, secretary.

Refreshments were served in the cafeteria to approximately eighty people by Mrs. Fuller.

Recreation Plans Underway For Buc Summer Season

Summer recreation program at Campbell Union High School will get under way on June 18 after close of the school term, with Lawrence Newberry, teacher-counselor, in charge of the program for the 1951 season. Miss Muriel Carson, recreation director for Bucs' Cove last summer, will assist in initial organization of the program which is expected to be in full swing by the week of July 4.

Bert Robertson will handle the physical education division. The high school Parent-Teacher Association will provide chaperones. Student leaders will be organized within the coming weeks.

Newberry said summer activities will include swimming at one of the San Jose pools, folk dancing, folk games, gym nights, television, ping pong, dancing and cards. A girls' gym night will be scheduled if there is sufficient demand, he added.

Tentative weekly program is as follows: Monday night, swimming; Tuesday, Thursday, gym nights; Wednesday, folk games, television, games and soda fountain in the school cafeteria on Friday night, dancing.

All students registered for the fall high school term, as well as graduating seniors and in-coming freshmen from district grammar schools who will be registered for the next term are eligible to participate in the high school summer events. "This will be an excellent way for the new students to know the school and the students," commented Newberry.

Transportation for students in outlying areas will be provided.

Registration

Sign-up for the Buc's Cove program will begin June 4 at the school. Registrations will be accepted on and after that date or during the summer program. Membership fee of $1 entitles the students to participate in all events, including swimming, and covers transportation costs. Only additional expense would be soda fountain purchases.

A regular television theater will be set up in the cafeteria. Recreation program hours during the summer will be from 6 p.m. until close of the event. Friday night dances run from 8 p.m. to midnight, generally.

Parents will be responsible for the students, although adult supervision will be provided at the ram is intended to offer whole-school. Newberry said the prog-some recreation for the students, "and there will be no room for hoodlums'."

Perata Leads Buc Nine To 8-6 Victory

Paced by the batting power and defensive play of Johnny Perata, the Campbell high baseball nine trimmed San Jose High 8 to 6 Tuesday afternoon in Municipal stadium, San Jose.

Perata, former quarterback on the football eleven, accounted for three of the five hits garnered by the Bucs. Once on the basepaths he stole four bases. Afield he made two catches of fly balls that were described by his coach, George Miskulin, as "sensational."

Monday afternoon, the Buccaneers are scheduled to play Willow Glen in a non-league contest on the latter's home diamond.

Tuesday's win marked the second time the local team defeated the PAL school. Going into the last inning the score was tied, 6-all. Two walks, an error, and a run-producing bingle by Sonny Walters salted away the victory.

San Jose jumped off to a 5-4 lead as they found starting pitcher Ron Bacon for seven hits and two walks. Bacon further hurt his cause by committing two balks.

His relief, Jay Probst, took over in the fifth frame to get credit for the win. He gave up one run, a hit, and walked not a batter.

First sacker Stan Gazay obtained the fifth Buc safety, a one-bagger in the third. Defensively, Campbell was guilty of three miscues, all by usually-reliable Nick Tersigni, first-string shortstop.

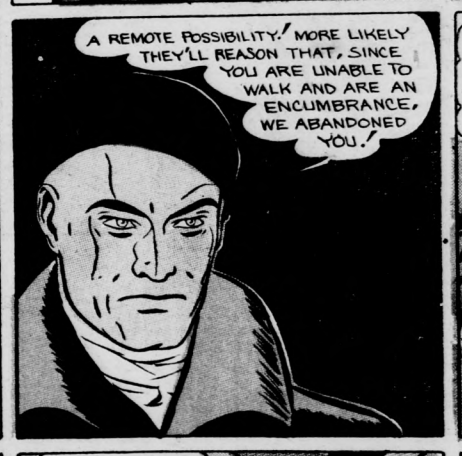
I MAY HAVE BEEN HOODWINKED INTO CARRYING A MESSAGE FOR YOU AND YOUR BAND OF SABOTEURS BUT--
I HAD NOTHING TO DO WITH THAT, MARLA! AND MY ONLY CONCERN NOW IS TO GET YOU SAFELY BACK TO THE WEST ZONE!

YOU'RE WASTING PRECIOUS TIME—THIS PLACE WILL SOON BE SURROUNDED—
THEN GET OUT! I DON'T CARE WHERE YOU GO! I AM STAYING! I CAN EASILY PROVE I HAD NO CONNECTION WITH YOUR SABOTAGE AND ESPIONAGE ACTIVITIES!

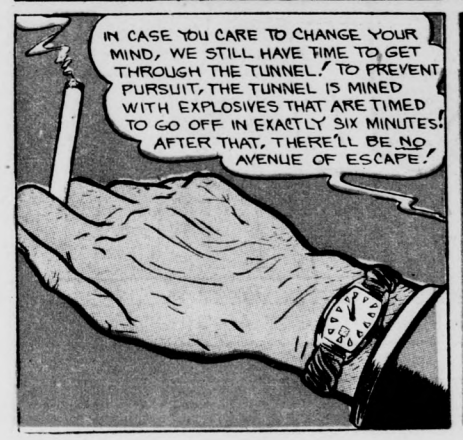


A REMOTE POSSIBILITY! MORE LIKELY THEY'LL REASON THAT, SINCE YOU ARE UNABLE TO WALK AND ARE AN ENCUMBRANCE, WE ABANDONED YOU!

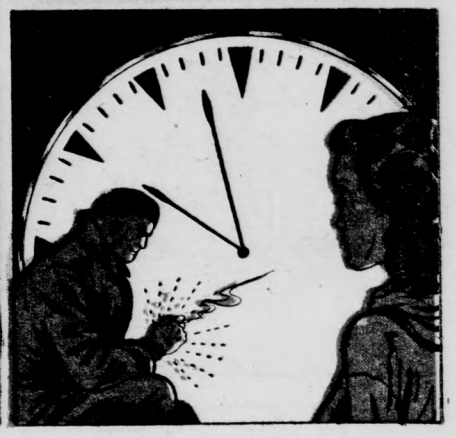
I CAN'T FORCE YOU TO GO ALONG! FLIGHT WILL BE DIFFICULT ENOUGH WITHOUT MY ATTEMPTING TO CARRY OFF A SCREAMING WOMAN! AND, HUNTED AS WE NOW ARE, IT MAY TAKE DAYS—WEEKS BEFORE WE CAN GET ACROSS THE BORDER! UNLESS YOU GO WILLINGLY
NEVER!

THE LOOKOUTS HAVE SPOTTED THEM, GENERAL! A LARGE FORCE! THE LAST OF OUR MEN ARE GOING THROUGH THE TUNNEL NOW! ARE YOU--
I'LL BE RIGHT ALONG! YOU GO ON AHEAD!

I AM NOT GOING TO LEAVE YOU, MARLA! IF YOU CHOOSE TO STAY, THEN I WILL, TOO! MY CAPTURE WILL MEAN YOUR FREEDOM--
YOU'LL STAY? YOU'RE BLUFFING! WHY—THEY'D HANG YOU!



IN CASE YOU CARE TO CHANGE YOUR MIND, WE STILL HAVE TIME TO GET THROUGH THE TUNNEL! TO PREVENT PURSUIT, THE TUNNEL IS MINED WITH EXPLOSIVES THAT ARE TIMED TO GO OFF IN EXACTLY SIX MINUTES! AFTER THAT, THERE'LL BE NO AVENUE OF ESCAPE!



YOUNG HIGH SCHOOL STUDENT NOW ON FOOTBALL TEAM

Delmar B. Yes, Delmar now feels great! . . . and he says he has HADACOL to thank because his mother read how HADACOL was helping boys and girls suffering from deficiencies of Vitamins B1, B2, Niacin and Iron and decided to give it to him.

Remember, there are no substitutes for HADACOL. Always insist on the genuine HADACOL. No risk involved. Buy a bottle of HADACOL, either the trial size, $1.25, or the large family or economy size, $3.50, and if HADACOL doesn't help you, you will get your money back.

HAZEL SHANNON FOUND DEAD IN FAMILY CAR

Mrs. Hazel Shannon, 54, of 735 Ridgeley Drive, was pronounced dead on arrival at Santa Clara County hospital Tuesday evening, after her husband, Arlon C. Shannon, found her in her carbon monoxide filled car in the family garage. The motor was running, and a hose had been attached to the exhaust pipe and run into the cab of the car.

No suicide notes were found and the family was unable to explain her act.

Mrs. Shannon usually drove to her husband's place of work to meet him each evening. When she failed to put in an appearance Tuesday evening, Mr. Shannon called his son, Arlon C. Shannon Jr., in San Jose. The son picked up Shannon and drove him home. When Shannon got out of his son's car he discovered his wife in the nearby auto.

Resuscitator squad of the Campbell Volunteer Fire Department was summoned, but Mrs. Shannon failed to respond, and was taken to the county hospital.

Mrs. Shannon was a past president of Hester Parent-Teacher Association, past president of GIA, auxiliary to the Brotherhood of Locomotive Engineers, past matron of Jarman chapter, Order of the Eastern Star, and a member of Westminster Presbyterian church. She was a native of Tama City, Iowa.

Mrs. Shannon had lived in the San Jose area most of her life, and had been a resident of Campbell for about two years.

Funeral services will be conducted this Saturday at 10 a.m. from the Amos O. Williams Funeral Chapel, San Jose. Interment will be at Oak Hill Memorial Park. Services will be under auspices of Jarman Chapter, Order of the Eastern Star.

Besides her husband and son, Arlon Jr., Mrs. Shannon leaves another son, Kenneth, captain of a Pacific Transport lines ship which was due in Hong Kong, China, yesterday. He has been notified of his mother's death, and may fly back for the funeral. Five grandchildren also survive.

Union District Clubs Sponsor Program, Dinner

Students from Campbell Union High School and dancers from the Sara-Cats shared the spotlight as they entertained Union District residents at a gala affair held Tuesdy night in the new school cafetorium. More than a hundred persons partook of the ham dinner, sponsored jointly by the Dads' and Mothers' clubs.

Gilda Mazzanti presented violin selections, "Mazzurka" and "Oriental," accompanied by Joline Howard. The classical "Prelude in C Sharp Major" was performed by pianist Joyce Klassen. Tom Osborne, accompanied by his mother, sang a baritone solo, "I Fear No Foe". "Trio in B Flat Major" and "Holiday for Strings" were performed by violinist Beverly Clawson, 'cellist Mardel Sanders, and pianist Joyce Klassen. Ernie Arevalo and Carlo Boncore presented a close harmony rendition of a medley of popular songs.

Ron Gilpatrick was the master of ceremonies. Both the instrumental trio and Miss Mazzanti were given a "superior" rating at a recent Northern California musical festival for high school students.

President Johnny Smart of the Sara-Cats introduced his fellow dancers, who performed a group of square dances called by members of the San Jose Callers association. Miss Marlene Panttaga, John Frier, and Messrs and Mesdames Minkter, Arnold Snider, Jim Stipp, Orville Panttaga, Don Quant, Bud Helm and Clarence Morganthaler, participated.

Callers were Arnold Snider, Jim Stipp, Orville Panttaga, Don Quant and Bud Helm. The five callers who, with their wives, comprise a small club called the "Square Devils", presented a specialty number entitled "The Susy-Q Teacup Chain."

Group singing was led by Orville Berg and accompanied by Mrs. Kenneth Downing. Arthur Downing sang "Mother McCree" and "Tennessee Waltz", accompanied by his sister, Mrs. Walter Magneson. Dr. W. R. Morgan was master of ceremonies for the evening.

Guests of honor were Mr. and Mrs. Kenneth Jessen. Mr. Jessen received a standing ovation from the assemblage in recognition of his nine years of service to the community as school trustee. Introduced as his successor was Al Hicks.

CHRISTIAN SCIENCE CHURCH LESSON SERMON

In all Christian Science churches the subject of the Lesson-Sermon this Sunday, May 6, will be "Everlasting Punishment." The following citations from the Bible and the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will be included with others in the sermon.

Luke 15:4, 7: "What man of you, having an hundred sheep, if he lose one of them, doth not leave the ninety and nine in the wilderness, and go after that which is lost, until he find it? I say unto you, that likewise joy shall be in heaven over one sinner that repenteth, more than over ninety and nine just persons, which need no repentance."

Science and Health: "Reform comes by understanding that there is no abiding pleasure in evil, and also by gaining an affection for good according to Science, which reveals the immortal fact that neither pleasure nor pain, appetite nor passion, can exist in or of matter, while divine Mind can and does destroy the false beliefs of pleasure, pain, or fear and all the sinful appetites of the human mind." (p. 327).

The GRAB BAG

By JIM McIVER

"BEEFS" ABOUT BEEF

Got a new slant on what cattle raisers complain about mostly these days. This was a couple of weeks ago when I was up around Tulare on a short vacation. Too long a stretch working on those Grab Bags, I guess. So while I was resting up I just naturally got to talking about a favorite subject of mine . . . meat, that is.

One fellow I met turned out to be Manager of the California Livestock Marketing Association. He says feeding those steers barley at $62 a ton doesn't add up right. Seems the ranchers lose $2.30 a hundred on the deal. They claim it's hard to show a profit that way.

AMAZING NEW PRICES!

I thought you folks might like a little idea about those new ceiling prices. So here's what OPS figures are fair enough. Starting May 14th it's $1.23 per lb. for steak, 80c per lb. for stew and 70c per lb. for hamburger. Of course we're tickled pink to know that Western is selling 30% below this "ceiling."

VILLAIN DISCOVERED!

Last week the government finally decided to take a good look at the real villain (parity prices on farm products). Right now they change every month and that really makes it sort of rough for slaughterers and wholesalers. They have a ceiling price that won't budge a cent. But now there's a plan to freeze these parity prices for a whole year at a time. Seems like it ought to help the situation, too. But I hear the farmers don't go for this idea at all.

Guess all this sort of proves you just can't please anybody with price controls.

Maybe that old law about supply and demand would help. Fact is, we're sure things would start to happen pretty quick if you people stopped buying meat for a few weeks.

LET'S MAKE A "NO-MEAT" MONTH OUT OF MAY!

Last time we tried to do something about meat prices we got lots of names but not the 500 we needed to get organized. So now let's try something easier. All you do is quit buying meat this month and get your friends and neighbors to do the same. But if you have to buy, we will sell only special cuts at special prices. We don't mind selling mostly frozen foods and ice cream for a while. We think this will bring those meat prices down faster than a carload of regulations. Anyhow, we're for trying it! How about you?

Owner Regains Lost Tax Money

A local woman who lost the $100 which she had saved to pay her taxes, got the bill back after Constable Ethan Lanphear helped her prove it was hers.

She had dropped the hundred dollar bill in front of the Blue Bell Cafe, and the money had fallen in the gutter. A union picket in front of the resturant reportedly pocketed the bill, then later exhibited it to a couple of acquaintances.

Later the woman discovered her loss and returned to the scene where she was told that the picket had found the money. When she demanded its return the picket refused, evidently doubtful of her ownership claim.

Constable Lanphear was summoned, and took both the woman and the picket to the bank where the $100-bill had been issued. There the teller explained to the picket that he had issued the bill to the woman.

Satisfied that the woman was the owner, the picket returned the money, Lanphear reported.

YMCA Boys Seek Jobs To Earn Funds For Summer Tour Through Northwest

Five local YMCA boys, assisted by Mrs. William Ammon, are making plans for the Y's fifth annual summer tour, this year to Canada, and, being enterprising young men, the youths are earning money for the trip by working at varied jobs offered by the community.

Since they are under 18 years of age, the boys, Bruce Gould, Mike Carlino, Raymond Morton, Jeff and George Ammon, are finding it difficult to obtain regular work, but they are well equipped with brain, brawn and ability to handle a variety of tasks. They will clean windows, paint fences and mail boxes, run errands, mow lawns, help clean out a basement, hoe weeds and do all the other better known jobs which most homemakers can provide. The older boys are good typists and office assistants.

Any sympathetic person with a job of work to be done will find one of these hard working boys by phning Mrs. Ammon, or the boys at Campbell 2123, mornings and evenings, or Campbell 2665 afternons; or Orval Graves of the San Jose YMCA.

Baby sitting is another possibility. The mothers will go along to baby sit and help the boys earn their way.

The Y does for the boys what the Adult Center does for older people, by taking them on tours during the summer. These trips have ranged up and down the coast from Mexico to this year's proposed goal, Victoria British Columbia.

Dr. J. C. DeVoss, chairman of the YMCA Boys' Committee and dean of the department of education at San Jose State College, has said that such trips are the best method of gaining experience and actual every day learning. In their plans the boys must find ways and means of supplementing their parents' aid to them.

This year the nine-day trip to Canada will begin on July 29. Before their return on August 6, the boys will stay in Victoria, B. C., take a tour of the bay and ride in the futuristic ferry boats of Seattle. There will be a trip of several hours on the steamboat from Seattle to Victoria, a day and a night spent on an island with the Northwestern YMCA boys, a visit to a radio broadcasting station in Seattle, sight-seeing in the northwest and stops on the way up the colorful Redwood Highway.

The group plans to spend the nights in the Victoria, Portland and Seattle YMCA's and YMCA camps along the way. In addition, they will visit some of the cultural and educational centers of the northwest. They will ride the regular Greyhound bus to and from Seattle, and will go and come by alternate routes in order to see more of the country. There will be adult supervision and Graves, the Boys Work secretary, will accompany the group. Cost is expected to be $62.50.

Scouts To Deliver Treasury Dept. Bond Posters

All Boy Scout personnel in Campbell will participate in distribution of Flag posters to local retail stores here for the U. S. Treasury Department. Jeffers, Boy Scout commissioner for the Campbell district, said the scouts will begin distribution of the posters this Saturday, as a patriotic service.
